HAMZA LAWAYEB

Full-Stack Developer (Node.js · React · REST APIs)

+216 23 215 550 · hamzalawayeb@gmail.com · Medenine, Tunisia · LinkedIn: Hamza Lawayeb

Professional Summary

Software Engineering graduate (Licence in Computer Science, 2025) with hands-on full-stack experience building web applications with Node.js, Express.js and React. Delivered an AI-powered, real-time web application end to end as a final year project, working with Agile methodology, Git-based workflows and REST API design. Strong problem-solver, quick learner and effective communicator in English, French and Arabic, looking to grow into an enterprise full-stack role.

Technical Skills

Back-End: Node.js, Express.js, REST API design and testing (Postman), PHP (Laravel)

Front-End: React.js, JavaScript, HTML, CSS, Bootstrap

Databases: MongoDB, MySQL, PL/SQL (Oracle-oriented), Firebase

Source Control and Tools: Git, GitHub, Postman

Cloud and Services: Firebase (application backend and deployment)

Languages: JavaScript, Python, Java, PL/SQL, C, C++, PHP, R

AI / ML: TensorFlow

Methodologies: Agile

Projects

Neeting – AI Smart Office Assistant (Final Year Project, 2025)

- Designed and developed a full-stack web application using React, Node.js, Express.js and Firebase.
- Built REST API endpoints connecting the React front end to the Node.js back end.
- Implemented real-time transcription and voice command integration.

- Applied Agile methodology to plan, build and deploy the application, using Git for version control.

MERN Stack Web Application (2024)

- Built a complete web application with MongoDB, Express.js, React.js and Node.js.
- Developed the back-end API layer and database models, and the React user interface consuming them.
- Strengthened full-stack skills covering authentication, CRUD operations and API integration.

Education

Licence in Computer Science – Higher Institute of Computer Science of Mahdia (ISIMa), 2022 – 2025 Specialization: Software Engineering and Information Systems

Extracurricular Activities

- **2024:** Lead Sponsoring, Google Developer Student Club at ISIMa – led sponsor outreach and managed relationships with partners.
- **2023:** Member, Google Developer Student Club at ISIMa.

Soft Skills

Project management · Leadership · Teamwork · Effective communication · Time management · Problem-solving
